

2026 NYC Corporate Challenge

May 27, 2026

□ The Tocqueville Asset Management team laced up and hit the pavement at the 2026 NYC Corporate Challenge! □ Events like this remind us that the strength of a firm is built not just in the office, but in the moments we share outside of it. It was a wonderful evening representing our team alongside thousands of colleagues from across the New York business community.

Congratulations to all our runners — and a special thanks to everyone who came out to support. We're already looking forward to 2027!
