

Tocqueville Welcomes Benner Ulrich and Adrian Ulrich

BY JULIA HATHAWAY ON *OCTOBER 23, 2017*

Tocqueville Asset Management is proud to announce the addition of Benner Ulrich and Adrian Ulrich. Messrs. Ulrich were previously associated with Breithorn Capital Management, an independent value-oriented investment manager that they formed in 2009. Consistent with Tocqueville's focus on capital preservation and value, their investment strategy emphasizes rigorous fundamental research to identify investment ideas that differ meaningfully from the consensus and offer an attractive margin of safety. They will no doubt be an excellent fit and we welcome them to the Tocqueville family.
